

BioPro-Coat Spray usage guide

Spray undiluted directly onto horse's coat. Leave to dry; do not rinse off. You may want to brush or rub into the coat, but this is not essential. It is advised that your horse should be washed weekly.

Apply 4-6 undiluted sprays depending on the size of your horse. Larger horses may require additional sprays. Use daily or as needed.

BIOPRO-COAT SPRAY IS NOT HAZARDOUS

BioPro-Coat Spray is an all natural and biodegradable probiotic coat spray containing powerful, living microbes and their metabolites.

BioPro-Coat Spray

Probiotic Coat Spray

Minimum Content Lactic Acid Bacteria: 3×10^5 cfu/ml

Storage

Store at room temperature out of direct sunlight. Sedimentation may form. This is normal as this is a natural product.
